

# Ready for Something *Different?*

**10%** to **12%**  
Annual Returns

Alternative investing isn't for everyone. If you're satisfied with the same old traditional investments with the same old meager, fluctuating returns like the masses of people out there, this isn't for you.

At Ignite Funding we give you an alternative. Diversify your portfolio with real estate with out the hassle of traditional real estate investments. Trust Deed investments are collateralized by real property, paid in the form of monthly fixed income and don't require you to manage the property.

If you are ready for something new give us a call, text the word "Investments" to 844-552-7022, or scan the QR code below to download our whitepaper bundle TODAY.
