

Hello Ignite Funding Client,

We have some exciting news. Starting Monday, **August 21st**, all clients will now be opted-in for investment notifications via text message to your mobile phone.

In our annual client survey, more than 70% of clients stated they felt they were missing out on new loan releases because they weren't getting to the email in time. Well now you will be first notified about new loans as soon as they are released from our underwriting department!

Please save this number in your phone as all new investment notifications will be sent from this number - **702-919-4281**. If you do not want to receive new investment notifications via text message, you will be able to opt-out after the initial text message is sent to you. If you have any questions at all, please let me know.

To those clients already enrolled in text message notifications about new investment releases, you can disregard this email.
