Borrower History: Union Village, LLC is a special purpose entity established by Union Village which is run by Craig Johnson along with the other principals of the company. The borrower and his team have extensive experience in acquiring, developing, constructing, leasing, and selling properties with value-added potential in the Las Vegas area with Union Village being their flagship project.

Subject Property: First Trust Deed collateralized by seven parcels, totaling 7.3 acres, within the Union Village master planned mixed-use health village located in Henderson, NV. Located just off the interstate and only a 20 minute drive from the Las Vegas strip, Union Village is well positioned to support its large community of residents, visitors, and healthcare employees. The subject parcels of this loan represent a substantial portion of the remaining parcels to be developed within the 170-acre mixed-use Union Village community. The borrower began this project around 2010 and has since experienced outsized success within the community. Post-initiation, the borrower successfully delivered the 303-bed Henderson Hospital as the anchor for this project. In addition, the Union Village community has also seen the successful delivery of the Boulder Marketplace, Las Vegas Athletic Club, and multiple residential communities including The Well Apartments, Emerald Village, and the Promenade Condos. As the borrower works to sell through their remaining parcels held within the community, they have approached Ignite Funding to refinance their maturing debt on the subject parcels to provide the runway necessary to execute their business plan.
